

**March, 2015**

**Brite-Line Technologies, LLC**

Starboard Capital Partners, LLC is pleased to announce the investment of preferred equity and common stock to acquire Brite-Line Technologies, LLC, a niche manufacturer of highway lane tapes. The Company, founded in 1989, is headquartered in Denver, Colorado. Brite-Line is one of two companies in the U.S. and Europe that produce raised permanent and temporary highway lane and cross-walk tapes. This raised product enhances highway safety with increased headlight reflectivity in combination with a longer life than paint and other liquid line solutions. Emerson Martin serves on the Board of Directors. Other investors are Peninsula Capital Partners and management.
